10% Kootenai Timothy,  
5% Haifa White Clover  
5% Aurora Alsike Clover

---

A time tested formula that  
produces outstanding hay or  
pasture.

---

Enduro-Plus consists of only the best forage varieties available. All varieties in the Enduro-Plus product line have been developed and tested for forage quality, yield, and persistence. These products have been designed to give you higher relative feed values, which translates into more milk per acre, more beef per acre, or more energy for horses.
